## Synopsis :

Review PRAISE FOR FIRE TOUCHED “I found myself just as immersed in the werewolf pack’s dynamics as I was during the exciting battle scenes, if not more. The characters are all realistic and vibrant.”—The Independent “Action-packed and with more than a few satisfying emotional payoffs, Fire Touched is Patricia Briggs at the top of her game.”—The Speculative Herald “The world building is incredibly lush and subsuming...a fantastic urban fantasy adventure...a wonderful world to lose oneself in as a reader.”—Fresh Fiction “A brilliantly plotted and paced book—I was glued to the pages the entire time I read...a brilliant installment in a fantastic series...Fire Touched is fresh and game-changing.”—Dear Author “Patricia Briggs is still at the top of her game...the newest Mercy Thompson installment totally kicks ass.”—Fiction Vixen “Fire Touched is amazing!!!!...action packed right from the start till the very last page...beautifully written...It captures the heart as well as the imagination.”—The Reading Diaries “Small but important developments add to the rich world that Briggs has created in both the ‘Mercy Thompson’ and ‘Alpha and Omega’ series.”—Library Journal “The always-awesome Briggs is back with another high-stakes adventure starring coyote shifter Mercy Thompson. Briggs’ careful and layered building of both her world and her characters is an iron-clad guarantee of an outstanding read! Fans will love this one!”—RT Book Reviews “I love action over romance.
